

FREE ONLINE ADAPTIVE SAT PREP COURSE FOR ALL MDCHS JUNIORS

The class is self-guided and self-paced. Simply click the link, fill in the fields and you are registered. Select a pre-assessment section on the right side to get started.

Use SAT prep to improve your SAT scores by taking an online course for the SAT with personalized lessons, quizzes, and practice tests.

<http://materdei.sat.petersons.com>

This personalized online course for the SAT prepares you for test day with expert guidance that builds both skills and confidence in the areas where you most need help. Plus, it's stocked with essential subject-specific and general test-taking strategies. And the best part? Your course is built just for you, based on the results of a pretest.

- An initial diagnostic pretest determines your strengths and weaknesses
- Based on your results, lessons provide what you need and skip what you don't
- Interactive games and activities help you build Math, Critical Reading, and Writing skills the fun way
- 3 full-length practice tests allow you to apply what you've learned and gauge your progress
- Your course is available 24/7 for a full 120 days from any Internet-connected Mac or PC
- Automatic essay scoring helps you evaluate your practice essays
