

# It's About Time

For decades Crusaders have been united through good and bad times. We continued the tradition by expressing our pride in the spirit we showed for our organizations, teams, and our student body in general. We opened this year knowing it would be a blast. We predicted events of a year to be remembered. Glance through our yearbook to relive the memories. It's about sports. It's about academics. It's about tradition. It's about people. It's about MARIAN . . . . .  
**IT'S ABOUT TIME.**

# Open For A Good Time

Marian High School is more than just a name. It's a tradition. For years we have followed in the footsteps of our predecessors. But don't be mistaken, there's more to Marian than meets the eye. There's more to school life than just academics. There are the good times. We welcome visitors to come to our activities, from football games in the fall to baseball games in the spring. We invite all to join us in celebration because . . . We are **OPEN FOR A GOOD TIME.**

# End Of Summer Day

We savored the last minutes of the summer. We hated the idea of another year of studies. Then came a time when we saw our classmates again and memories of happy moments returned. We leaped head first into a brand new year, the **End of Summer Day** officially brought summer to an end for all of us. The day was highlighted with exciting games in which each class battled against each other for victory and fun. From the sack race to the watermelon eating contest, it was a day to remember.

“Heck ya,” was the response to the question. The feeling of being older and growing closer to old buddies brought a special enthusiasm and warmth to all the juniors. As they grew in raw spirit and togetherness the future is, indeed, very bright for next years seniors.

“No kidding, word” was their response. The sophomores were wild and spirited because of putting one year of high school behind them. Being a “veteran” gave them a sense of belonging and growths that contributed to overall school spirit.

If I should fail to learn this junk,  
I pray the Lord I will not flunk,  
But if I do, don't pity me at all,  
Just lay my bones down in the  
study hall;  
Tell my teacher I did my best,  
Then pile my books upon my chest.  
Now I lay me down to rest  
And pray I'll pass tomorrow's test.  
If I should die before I wake,  
That's one less test I'll have to take.

# Standing The

Something special about the faculty here at Marian High School is the fact that most of them spend many more hours of their free time on campus and at school sponsored events than their jobs require. It is something that is often forgotten. Yet for every student organization, whether it is athletic, academic, or simply deals with common interests, there is usually a faculty member behind it.

If time is a measurement for caring, our teachers are standing the test of time.

The following section of the yearbook is a tribute to our faculty, new and old, in recognition of their time and commitment through the years.

"Many people are surprised and mystified when they find out how long I've been at Marian. I think their astonishment hinges on their lack of belief that anyone could enjoy doing the same thing for so long. But that's the key: enjoyment. I believe that any dedicated teacher enjoys both the subjects they teach and the students. Watching another person grow in appreciation of what you appreciate is what keeps a teacher teaching."

Campus Ministry is a religious program which involves students and faculty, as well as parents, administrators, and staff. It's primary function is to organize masses and retreats. In preparation for the underclassmen retreats, seniors are trained to be retreat leaders by Ms. Hansen and Mrs. Wraith. In addition to this, students are asked to

respond to Jesus' call to serve others by having at least forty hours of christian service work. Directing Campus Ministry is Ms. Fran Hansen, and the members are Mrs. Pulido, Mr. Mendes, Mrs. McGregor, Mrs. Carmona, and Elsa Reynoso — Commissioner of Religious Affairs.

In order to be of greater help to the Marian community, the Pep Club and S.A.D.D. have merged to form S.T.R.I.V.E. (Students Together Realizing the Individuals Value and Exceptionality). S.T.R.I.V.E. handles both the organization of Pep and enthusiasm in our society (MHS) and drug and alcohol awareness in our campus and the environment in general. S.T.R.I.V.E. honors those who have helped retain the pride for their school. S.T.R.I.V.E. also attempts to educate the public at hand so that they may more easily make the right decisions. So for the benefit of efficiency, the Pep Club and S.A.D.D. have merged to form S.T.R.I.V.E.

# WELCOME TO DESTINY

1988 was the year of football. From beginning to end there was confidence in the air for the Crusaders. Marian was underated which worked to the teams advantage. Their pursuit to become league champions was stopped by a close Holtville loss (13-12) and a last minute Army-Navy score (26-21). After such losses the team was determined to reach the CIF Championship game and they knew they must face undefeated Holtville with a record of 9-0. The day came and Holtville scored the first drive of the game. Little did they know it was the last point they would score because with 10:55 left in the 4th quarter Marian would score and later run back an interception for a touchdown. Marian was victorius. Marian will always be the 1988 CIF Football Champs.

The Junior Varsity Basketball team possesses serious determination and drive to win all their competitions. The emphasis of team victory over individual wants creates an atmosphere of trust and teamwork among men. This multi-talented team makes next year's Varsity a top-notch contender.

This year's Freshmen basketball team has a bunch of feisty young men who are filled with raw energy. Playing games at different schools gives them needed seasoning and experience. The opportunity to play in a relaxed atmosphere allows them to execute a fun-filled game.

# VARSITY BASKETBALL

The eleven group of men had a season of hope and incredibly hard work. The team ran the offense called "flex". Usually they ran this so well their opponents took them out of this by running a zone defense. Marian's outside shooting was lead by our "Marian Bombers" and the inside was controlled by our own "Twin Towers". The team wishes to salute their coach Bob Swisher for the discipline he has taught them. Bob Swisher — good luck in your future.

1. Coach Swisher plans his strategy. 2. Jerry Conlin initiates the offense. 3. Jeff Hayes in search for the open man. 4. Teo Rosales with an intense pass. 5. David Rubi in protection of the ball.

Like its counterpart, the team is filled with winning talent capable of winning many games. Led by Letterwoman Karen Ritz, the team is focused on teamwork, an element needed in the populated sport. The volatile mixture of energetic sophomores, juniors, and seasoned seniors give the team a winning attitude.

The team is filled with potentially dominant and lightening-fast soccer players. With seasoned seniors such as Robert Estrella, Luis Robles, and Felipe Dutilh, newcomer Todd Maruca, and maturing sophomores, the team gives the opposition a tough time in competition. The two pro goalies, Mike "Bullet" Acosta and Gabriel "Chino" Ishino, have always struggled to keep the ball from coming in. With persistence the team will become a force in the league.

# VARSITY BASEBALL

This year's Varsity Baseball Team had a tough act to follow. From the Football Team's CIF Championship to the Volleyball Team making it all the way to the CIF Championship and the Basketball going as far as the semi-finals, the Baseball Team really had their work cut out for them. They had many returning letterman to the varsity squad, so their future looked bright for them. The starters ranged from freshmen to seniors. They had a lot of fresh bodies to work with which will helped Marian in the long run.

1. Victor and Alex with superb concentration. 2. Hector assumes his hitting position. 3. Beto swings and misses. 4. Leo shows his blazing ball control. 5. Who is that Padres hopeful?

The Varsity Volleyball Team is in its first year of competition. For that reason the talent in the team is raw and not fully developed. The team hopes to develop itself through time and practice. The team is composed mostly of underclassmen. Although there are a few seniors the underclassmen are the ones who hope to start a tradition in excelling in the sport. The coaching was considerably good but the team was too inexperienced to expect a shot for league or any type of championship.

# VARSITY SOFTBALL

Under the third year head Coach Robin Brainard, the Varsity Softball Team had a lot of hard work ahead of them. Because of the loss of about six players, one including an All-League pick, the team had a long year in store for them. But with the help of the few returning they had a good outcome. Marian's winning tradition in softball was difficult to keep but the attempt was made.

# VARSITY

Over the summer the Varsity Cheerleaders went to U.C. Santa Barbara for their annual cheerleading camp. There they received a spirit stick and a trophy for superiority in performance of home cheers and game situation chants. During this year the cheerleaders entered the South Bay Competition and plan to travel to Magic Mountain for their annual competition.

# J.V. CHEERLEADERS

The Junior Varsity Cheerleaders have been reaching to the top this year. Even though they are small in number their unity has brought them to many glorious victories. By receiving a trophy at camp this summer for superiority it gave them confidence to win their next competitions. They placed second in the South Bay Competition and third in the USA Regionals which qualified them for the Nationals.

# Together From The Start

I've been alive for 17 years  
Most of which I've spent with you.  
And now I know as Graduation approaches  
Our time together is almost through.

We've been through so much since we became  
classmates  
So many things we've all gotten to share.  
So many years, all the good and the bad  
Together we've always been there.

We've all come so far  
Our class unity and spirit number one.  
We've spent so much of our lives together  
it's hard to believe we're almost done.

Looking back, June 3, 1985  
when one thought was with each boy and girl.  
We told our parents, our teachers and friends  
that together, "We Were The World."

Now the time has come mighty Spartans  
For us to part and go our own way.  
Make a new life and start over again  
and fulfill what we said on that day

Thank you for the great memories Spartans  
because you were there from the start.  
No matter what happens from this moment on  
You'll always be close to my heart.

# Friends Forever And Ever . . .

## FRIENDS

Freshman year alone and scared  
Not wanting to start anything new  
Sticking with the same old clique  
I didn't know the real you.

The Sophomore year came and a friendship was born  
Great times and special moments shared  
This was a close and very time  
We each knew the other one cared.

Junior year was harder  
Things between us weren't the same  
We weren't as close, we drifted apart  
Got caught up in a silly game

**At last Senior year**  
And it's truly the best of times  
All of the friends and the wonderful memories  
Together we made them, yours and mine  
— Laura Anne Cisneros

The boy walks with his best friend through the fields of early May.  
They walk awhile in silence — one close — one far away  
... one, just being Manny.

Freeze this moment a little bit longer; Make each sensation a little bit stronger. The Innocence slips away  
Summer's coming fast and it's growing warmer; Children growing up and old friends are growing older. The Experience slips away

Talking to Ron is the first step into

Now, I don't want to list any more stuff because I want to say a few things. High school did not start off as an ideal place for me. My first 2 years of it I really didn't feel good about myself because I did not really have any true friends and did not feel accepted. This is where Carlos V. and David R. stepped in. They were my first real true friends that I had and still have. They might not know it, but thanks to them, I started feeling better about myself and felt accepted and from there on I developed more friendships with other people. I don't know what I would have done without you two guys and will never forget all the things you have done for me. I hope I was as good a friend as you two have been. If I have forgotten anybody else, I truly am sorry. I want to thank every single person that ever smiled at me or took the time to say hello and be nice to me because those kinds of things really mean something to me. I hope that everybody's high school experience has ended as good as mine has. To all my friends, I hope that everything you strive for, you get, and every dream you have come true. Instead of saying "Good-bye", I will just say — "Until we see each other Again."
