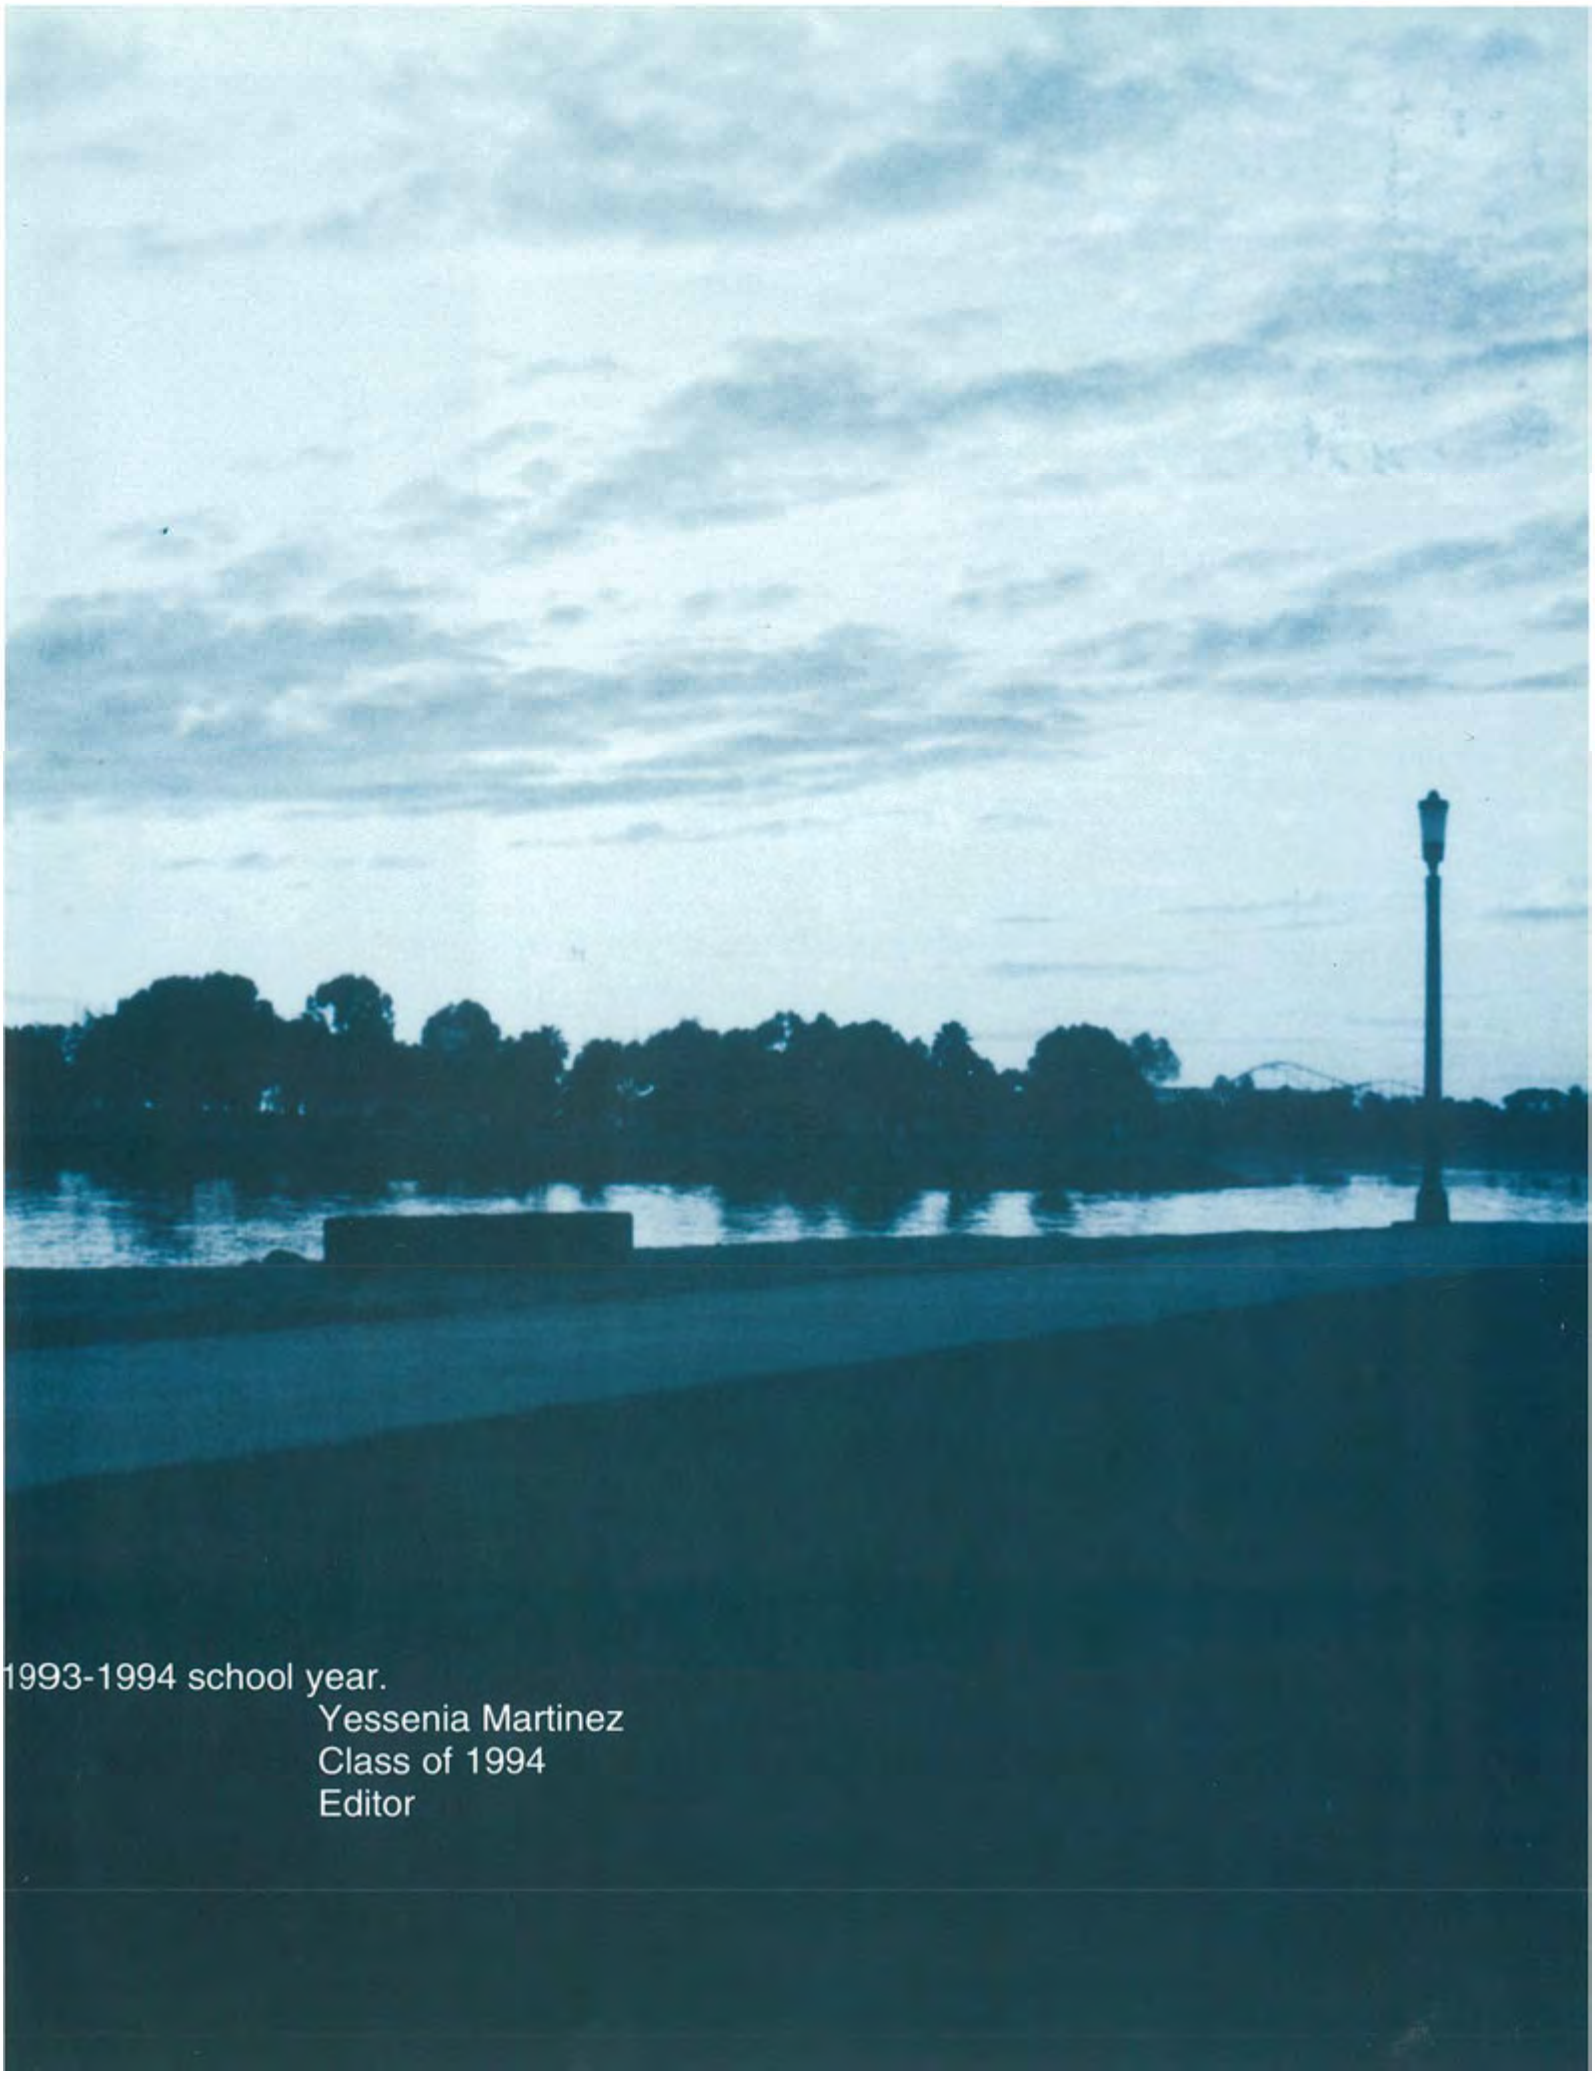
There is more to Marian than books, papers, and tests. The people we met, the laughter we shared, the obstacles we overcame bound us together as a community on a journey. We have chosen "Going Our Way" as our yearbook theme. In this book we want to take you with us to explore our life at Marian. Come, go with us through the



1993-1994 school year.

Eammanuel Banayo and Stephanie Schmitt as Mr. Friedman and Ms. Thompson.

Grace Bibbo and Adrian Romero as Ms. Wasson and Coach David.

HOMECOMING 1993

Homecoming Game October 22, 1993

After five long-awaited years, the Marian Crusaders gained a victorious Homecoming game. Though the Christian Patriots were formidable opponents, the Crusaders literally ran over them. With the score (Patriots 7 and Crusaders 0) in the first quarter, the Marian Crusaders got fired up and took the lead without ever relinquishing it again. With the final score (Crusaders 46 and Patriots 31), Marian gained yet another victory.

As the halftime show was concerned, it was one which no one could ever forget. Right after the second quarter, the Marian Spirit Leaders and Tall Flags Team took the turf. The size of their squad did not reflect upon their performance, for it was one of immense proportions. And "Yess" it is true, Yessinia Martinez took the crown to become the 64th Homcoming Queen in Marian's history. All events of this day can be summed up in two words: "We Won!"

Aaron Guess, after being taken down, still manages to crush his opponent.

Francisco Leon dives for the ball.

Hold on to the Night

Moonlight by the bay and the stars above . . . October 12, 1993 was the night to hold on to. The Officer's Club at the Marine Corps Recruiting Depot (M.C.R.D.) was just right for our lively Homecoming Dance. Everybody had a great time dancing or helping themselves to the horsd'oeuvres table. When JaBari Brown (B.M.O.C.) and Yessenia Martinez (Homecoming Queen) took the dance floor, they were soon joined by the rest of the court and slow-danced to "Hold on to the Night." It was the perfect scene. The memories of that night would surely be remembered.

SPIRIT WEEK

Once more, Marian held its annual spirit week. This was the time in which the entire school demonstrated its enthusiasm. Many individuals were willing to discard their fashion sense (and dignity) and dress a little below their normal standards. The administration also made sure this was not a period in which the school was being evaluated by the district.

Spirit week served to kick off the traditional homecoming event. This included the spirit rally, game, and dance. Both the teachers and students joined the excitement. Everyone was caught up in the fun as they competed to see who would go to the farthest extreme to show their spirit.

Jon George and James Pires showing their blue and gold.

Indira Guevara, Larissa Concepcion, Lucero Mejia, Laura Medina, Erica Clemenson, and Vanessa Ibarra as twins.

Larissa Concepcion and Laura Medina are content to come to school in their most comfortable attire.

Spirit Week was a time for students to show their spirit by dressing up in a way that was far from their true identity. Marian students attended school as babies, as twins, and as hippies. They came in their pajamas and in their school colors, blue and gold, to show their Marian pride.

Indira Guevara, Grace Bibbo, Erica Clemenson, Lucero Mejia, Laura Medina, and Larissa Concepcion as hippies.

Jesse Trujillo in reverse wear.

Michelle Fuentes and Karla Valencia show that they are still babies at heart.

Spirit

Leaders

Spirit Leaders

We came back better than ever! It was the Spirit Leaders '93-'94. Not only did we have a cheer squad but also a flag and dance team. Our Crusader spirit just kept rockin' the house at rallies and sporting events. Behind us all was our "mother spirit leader," Ms. Vivio. With her guidance and discipline we were determined to reach our greatest potential.

Being captain of the cheer squad has taught me leadership and responsibility. This was the best of the three years I cheered for Marian. My most embarrassing moment was when I was swinging on the goal posts and I fell on my back and showed my rear end to everyone! I enjoyed cheerleading and I hope to pursue it in my future. I love you, Spirit Leaders '93-'94.

-Captain Tina Quillope

Flag Team

The Flag Team worked hard since last June to try to make it the best team Marina has ever had. Even though we only had six members, we strived our best to accomplish our goals. After attending USA camp at U.C.S.C., we won many group and individual awards. We not only gained discipline and experience, we gained five new friends.

Yessenia. Sandra, Johanna and Audrey like to hang out at Fuddruckers.

"Students Off Campus," What does it really mean? It means something fairly simple: Activities students do during their own leisure time. Here MCHS students demonstrate how precious extra time can be and how they use their time wisely and efficiently.

SWEETHEARTS '94

King and Queen Brian Guillermo and Sheryl Braswell.

LaJuan Lynch and Ariana Hidalgo.

The Sweethearts court.

Jerami Matlock-Brown and Lupita Maldonado.

Christian Valle and Edna Malaga.

Sweethearts ''94'' was held at the Mariott Suites. The atmosphere was charged with fun. Even teachers chaperoning could not resist dancing. A table of scrumptious food stretched alongside a wall. No one could resist a break from dancing to pick some up. The dance was attended by 80 students, who saved this priceless memory by taking portraits.

Are You Romantic?

Maritza,

When I first met you four years ago, I fell in love with you.

Love,
Ricky

Ricky,

You're the most special person in my life. You make me laugh when I'm ready to blow-up with anger. I love you with all my heart.

Love,
Maritza

Johanna,

You are the person I've wanted all my life. You are my best friend and the love of my life. I know we've been through bad times and good times, but I know that every day that I'm with you it's magical. I know that together we are going to have everything we ever wanted and we're going to be very happy. My love, thank you for the time you've spent with me at school and in my life. You are the one that has made my last year of school wonderful.

Love,
Carlos

Carlos,

I will always cherish every moment we've spent together. I will always love you and never leave you. Don't forget that my love for you is stronger than anything and we will be together until the end.

Love,
Johanna

Anjanette,

You never fail to put a smile on my face by showing me your love.

Love,
Justin

Justin,

You always make me feel special and you always show me how much you love me, thanks.

Love,
Anjanette

We think that the best thing about our relationship is the attention, understanding and love we give each other.

This quiz is a test on romance. If you like roses and moonlight kisses in the rain, you may be romantic. Can you love unconditionally? Well it's never to late to find out. Are you a true romantic, romantic realist, or drearily realistic. Take this quiz to find out, any love relationship may strongly depend on it. Add up the points of your letter choice and find out how romantic you really are.

(7-5) Drearily Realistic.
Romance is not your things, but learning takes some time. Maybe being showered with roses and love notes aren't your thing. Give yourself credit!

(8-11) Romantic Realist.
You manage to be romantic but you don't put any stress or expectation on your partners. Realistically, you don't need a movie star to please you because you just may want a down-to-earth guy. -Don't change a thing.

1. What is Love?
   a. The greatest thing on earth.
   b. Who needs it?
   c. Something you have to work at.

(12-15) You're Living in a Hallmark Card Baby!
Romance is wonderful, but slow down before you fall. Take some time out from love and come back to reality. Once you realize being romantic is not the only part of love, then your love relationships will get closer than all the filet mignon in France. -A true romantic.

2. What is your ideal Valentines day gift?
   a. Gold jewelry, roses, and chocolate.
   b. A singing telegram.
   c. Big Red.

3. Your ideal Romantic movie to see with your mate would be?
   a. Casablanca.
   b. Single White Female.
   c. Fatal Attraction.

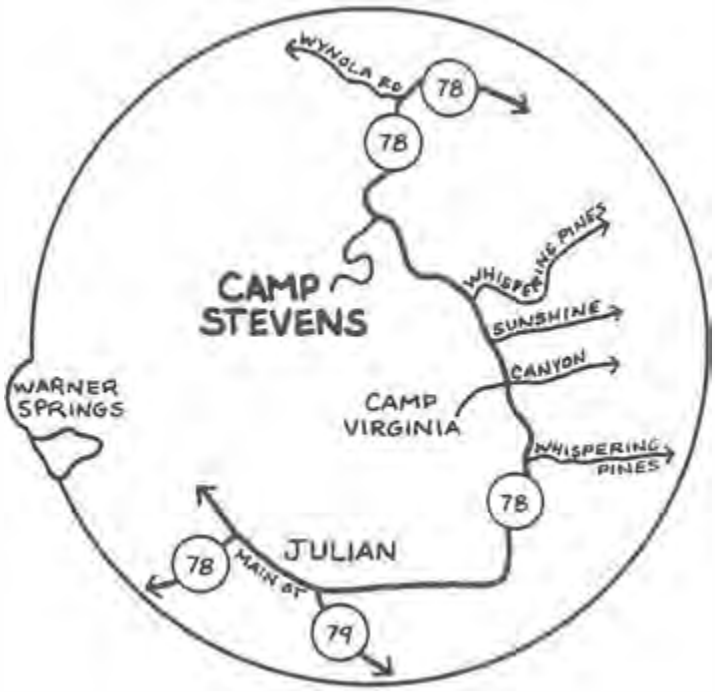
4. You would most likely celebrate your six-month anniversary?
   a. Repeating every detail of your first date from beginning to end.
   b. Who cares about a six-month anniversary.
   c. A romantic candlelight dinner on the beach.

5. When spending time together, your ideal date is?
   a. Double dating with your parents.
   b. In a secluded spot, alone where you can stare at each other for hours.
   c. Double dating, as long as he/she is all yours later.

SENIOR RETREAT



This year's senior retreat provided the seniors with an opportunity to reflect upon their last four years here at Marian. The retreat was also a time for the seniors to reflect upon their relationships with God and the challenges they face after this year.

Fun was a big part of the retreat! We realized our own giftedness as a community, in prayer, worship, and in fun activities that allowed us to celebrate life.

The seniors were directly involved in the planning of the retreat. The themes centered on friendship, community, prayer, reconciliation, and worship.

-Mr. Duffy

The senior retreat at Camp Stevens was the highlight of our spiritual journey at Marian.

-Lucero Mejia

The moderators of the senior retreat were Mr. Duffy and Mrs. Gorsich, whom we thank for making the retreat such a memorable experience.

Lucero M.: Hi Yesse & Indi . . . !hi Ms. Brianerd! I LUV MIROCA!! KARIN'd pack. Rapido$$$$ 2 ALL MY FRIENDS AT MARIAN MISS U . . .

First I would like to start by thanking my family. Mom and Dad, you always pushed me to keep trying and to accomplish my goals. Now I understand why. I could never thank you enough. I love you forever. Cheri and Sean, thanx for helping me through the whole way. Thanx to all my true friends that have stuck with me all of the way. Matt, thanx for helping me deal with my problems. ANJANETTE, I know in the past we hated each other, but I'm glad that we came out loving each other. Thank you for all of the good times and I know there will be a lot more to come. I love you always!! -Justin Villafranca

To my parents, I would like to say thank you for all you have given me. Letting me have a great education. I love you mom and thank you for being my friend. Mita, I love you. Lenny, thanx for being my friend-you sexy cheerleader. To my baby JUSTIN, June 16, 1993 was the greatest day of my life. You came into my life and made me realize true love can really happen. I never thought that I could love someone as much as I love you. You are my boyfriend, my best friend, and my life. I Love You!! To the class of '94-Be strong and go for your goals!! God Bless you all!! -Anjanette Barajas

Que onda!
Yo aqui feliz porque ya se va terminar este ano. Primero que nada quiero dar las gracias a mis papas por todo el apoyo que me han dado en todos estos anos. Quiero decirles a todas que me vaya a estudiar a Tijuana (espero) no me voy a olvidar de ustedes no se olviden de mi, que se acuerden de todos los momentos que pasamos, como cuando se poncho la llanta de mi carro, que curas. Espero que ya no se olvidend de olviden de mi, que se acuerden de todos los momentos que pasamos, como cuando se poncho la llanta de mi carro, que curas. Espero que ya no sean tan chacuacas-Alina y monica-queya contaminaron los pulmones de la Vero y La Cirene. Alina gracias por todos los paros que me has hecho, ya sabes que tienes una amiga que te quiere mucho portate bien y te dese lo mejor. Y por ultimo quiero darte las gracias Luis por todos los momentos tan curados que me has hecho pasar, todo el apoyo y amor que me has dado. Te quiero mucho Luis y ojala siempre estemos juntos. Lynette Favela.

Antes que nada quiero darle gracias a mis padres por todo el esfuerzo y el apoyo que me han dado duarante mi vida, Gracias! Karla y Filex gracias por su ayuda durante los anos. Academics: Going STRONG

Limber up, flex those cerebral muscles, get ready for a workout! Academics at Marian are a challenge, and strengthen us mentally, to reach our goals in education. There is something for everyone in the range of courses at Marian, from Honors classes and literature workshops, to extracurricular opportunities to use our talents in Journalism, Drama, and Foreign Language. Academic achievements of Marian students were acknowledged by Mrs. Tellers at a school liturgy this year. Her words, "You can be proud" reminded us of why we were here, and Our Lady of Wisdom at the entrance of school reminded us daily that at Marian we would have the support and inspiration we needed to succeed.

OPERATION

Cooperation came easily at Marian. The difference is the environment and faculty. With fewer students here at Marian, it has been easier to work together. Students felt that teachers were more involved in student activity and since our ratio of students to teachers is 4 to 1, teachers had more time to work individually with their students. Ms. Vivio stated, "Students here are cooperative to work with and I really enjoy the effort they put out." It all boiled down to the atmosphere of the school. Students felt that at Marian we were one big family and we were not bodies in a crowd. That is what gave students the cooperation and teamwork they needed to succeed.

DEDICATION

When asked what keeps him teaching, Mr. Gorsich said, "The basic hope that I will help the students learn the information they need, and using my efforts to help them grow as people."

Teachers dedicated a great amount of time going through the endless process of grading papers, putting together lesson plans, and guiding students into making the right decision. Each teacher at Marian contributed their time in helping students make their goals possible to complete. No matter how hard the material was, teachers were always there to encourage us. When asked what was the most satisfying thing about teaching, Mrs. McGregor said, "Knowing I'm making an investment in the future."

One of the new teachers here at Marian, Ms. Vivio, spoke of, "the untangible rewards students give teachers when they catch on." All in all, dedication is a combination of hard work, cooperation, and the satisfaction of a job well done.

ERMINATION

TEEN STRESS

There's a dreaded plague that hits high school students all over the world. The symptoms of this terrible plague are you don't eat, you get hyper, you get neck problems, you get tired and under pressure all the time. The name of this plague that is sweeping the nation is "TEEN STRESS" (TS). A student I interviewed (anonymous) has A.P. Government, A.P. English, A.P. Spanish, A.P. Spanish, A.P. Calculus, and A.P. Physics for classes. Now this can be a serious cause of TS. Even if you do not have these classes you can still get TS. The unbelievable amounts of homework, extracurricular activities, and a normal social life is really hard to handle for a teenager of the '90s. College is on the minds of a lot of high school students and can also cause a great deal of TS. As suggested by some students here at Marian Catholic High School, a good way to deal with TS is to relax, listen to music, sleep, or just go with the flow.

Serguei Chtchetinkine finds the senior lawn a relaxing place to study.

"Going to a junior college never crossed my mind. Going to a 4 year university would prepare me for the opportunities of going into the real world."
Sha-Ron Jones

ENTHUSIAS

Throughout the 93'-94' school year. Marian students were enthused to do their best. Teachers got the students involved in activities and class discussions. They were a big part of the enthusiasm at Marian. Sherman Simbulan stated, "The characters of the teachers make a school interesting." Students worked with the teachers and gave a helping hand in creating an atmosphere we all enjoyed here at Marian. Enthusiasm was a great part of our education.

PLORATION

Bubble, Bubble, Crash, Boom, Bang!! That was the sound of Science at work. Labs and formulas introduced us to different sides of the science world. Many students were either dissecting animals in Biology and Anatomy class, mixing chemicals together in Chemistry or learning about motion in Physics class.

Exploration of new things helped students to discover that there was always a different way to do everyday things. Many students used microscopes in science class to come in close contact with what a real organism looked like. When asked what was the most interesting thing in Physics, Sherman Simbulan commented, "The multiple hands-on labs." Exploration helped these young individuals to understand that science was always a means to discover something old and new.

Bank Of America Achievement Awards

Bank of America's Achievement Awards went to more than 14,000 seniors at over 1,000 Public and private high schools throughout the state. They were selected by faculty committees at their schools as outstanding students in fourteen specific study areas and four general study areas.

More than 11,500 students were selected as certificate winners by faculty committees at their high schools. These winners have demonstrated excellence in a specific subject area, for example, music, art, business, communication, computer studies, mathematics, drama, English, English as a second language, foreign language, history, religious studies, science, and social science.

In addition to the certificate winners, more than 3,300 students were selected as plaque winners. Plaques were awarded to students who have outstanding records of performance in a general study area, for example: applied arts, fine arts, liberal arts, or science and mathematics.

Academic and extracurricular records of the plaque winners were then submitted to the Citizen's Scholarship Foundation of America, Inc. for evaluation. From the 3,200 plaque applicants, 320 were selected to compete in one of the ten regional final events held throughout the state, where they competed for $28,000 in Achievement Awards.

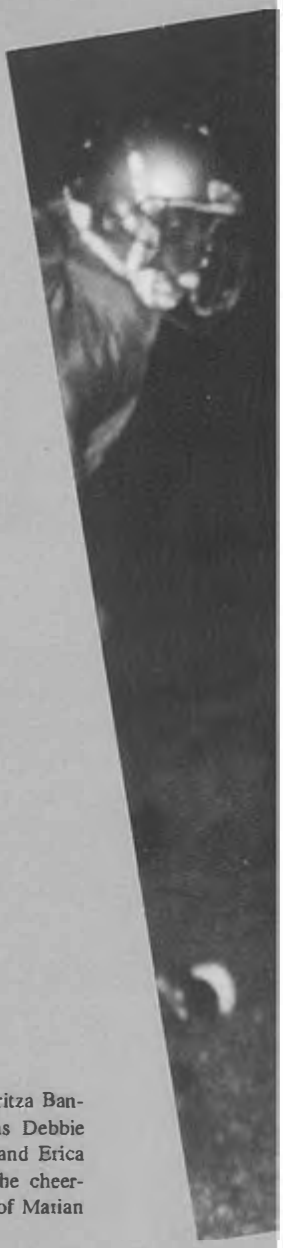
Sports: Going for Victory!



By leaps and bounds, enrollment in sports took off this year, not only with the varsity and junior varsity, but with the freshmen teams which provided essential experience for young players.

Anjanette Barajas and Maritza Banuelos reach for the sky as Debbie Gorsich, Karina Santana, and Erica Sandoval support them. The cheerleaders are the trademark of Marian pride.

The revitalized Crusaders charged out, leaving a trail of beaten opponents in their wake. According to Justin Villafranca, "Team unity led to the success of our Crusader teams." Whether they won or lost, one thing was for sure; the Marian spirit kept going strong.

Olegario Vasquez (77), busts a hole for Jerami Matlock-Brown (20) to blaze through. The lineman/running back combination made Marian's running game unstoppable.

Japan Football

Marian football this year was at its finest. The Varsity team ventured to Japan, becoming the first American High School to play a football game in Japan. "This was one of the most interesting experiences of my life', said Brian Guillermo. Thirty six Crusaders courageously went to this unknown country with only one thing in mind: VICTORY. But they came back to America with so much more. Facing off in the afternoon heat of Japan, Marian came out on top of the Yokota Panthers. The final score came out to be 26-8. Both the offensive and defensive squads of the Crusader team dominated the field.

The trip to Tokyo turned out to be a very memorable learning experience. After an intense football practice in the morning, the players were given the chance to explore the sights and culture of Japan. Riding in jam-packed subways, eating Japanese food, walking through the busy streets of Tokyo, and being in the middle of a typhoon are only some of the experiences that would never be forgotten. The players were able to experience the hospitality of the Japanese culture. No player could ever forget the twelve-hour plane rides to and from the United States. Most importantly, the win at Yokota will always be remembered.

HOUSE OF PAIN

This year the Crusader season was filled with many challenges. After having charged out at the beginning of the season, they ran into a minor slump, but managed to recover in time for the playoffs. Their record did not indicate the heart or effort with which they played with. Their determination was apparent in the many close games they played. The Crusaders hung on until the end and came out victorious several times. The season was a valuable experience for the players for the years to follow.

ABOVE - Jerami Matlock holds on tight as he runs yet another Crusader touchdown.

Marian's main offensive threat was its running games. Making the running game possible was the offensive line. The elite group consisted of seniors Feliz Martinez, Richard Medina, Olegario Vasquez, Danny Ramirez, And Sergio Melendrez.

The defensive unit proved to be very resourceful in facing the offenses of many teams. The defensive line- Adrian Romero, Ercik De La Rosa, and Javier Melendrez pressured many quarterbacks with a rush. The linebackers consisted of Justin Villafranca, James McElwain, Portland Bates, Danny Ramirez, and Felix Martinez. Offensively and defensively, everyone participated. The special teams especially made sure nobody was left out. All the players felt satisfied with a sense of having contributed to the team. The combined talent and effort was what make the Crusaders victorious.

PUMP IT UP

This year they decided to establish themselves among Marian's all-time greatest teams. They rumbled through the Harbor League, posting an undefeated League record. They dominated the other teams along their campaign as well, posting an impressive overall record of 8-2. This has been the best record for a J.V. football program ever. Now and forever, other J.V. teams will be measured up against them and what they accomplished. Go Crusaders!

THE NEXT GENERATION

This was the year of the Freshman Football Team's debut. Though their record would not indicate so, they played with heart and desire. They never gave up no matter how insurmountable the odds. They faced all obstacles head on, with many young talented players standing out as future stars in the making. Despite their losses, everyone was proud of them. The freshmen obtained the essential playing time needed to step up to the J.V. level. Experience is the key factor in a player's development. Now the players will know what to expect and be ready for next year.

SPIKED FOR VICTORY

The girls' varsity volleyball team was a force to reckon with. They practiced hard and went out with a fiery determination to win. They were led by their starters: Seniors; Indira Guevara, Patty Tovar, Yessenia Martinez, Sha-Ron Jones, and Juniors; Larissa Concepcion and Yasmine Descalzi. They were helped by their strong supporting teammates; Veronica Carrillo, Monica Corrales, Jennifer Bell, Rachel Goding, and Leslie Root. They finished with a respectable record of 8 and 7, which should have earned them a playoff berth. According to Mr. Hecht, "The players were very enthusiastic. We played tough against all of our opponents. The girls worked very hard."

WHAT A DIG!

The girls' J.V. volleyball team showed a lot of determination this year. Many of the players were inexperienced and did not know what to expect. They were taught the fundamentals, and as the season went by they learned the high school sports system. They developed as individual players and a team unit. They played on an extremely competitive level which proved to be too much for many of their opponents. These players never gave up and played to their utmost abilities in each and every game. They demonstrated that they were willing and capable of moving up to the varsity level.

GOING THE EXTRA MILE

Freshmen Christina Loffredo goes up for a strong block, as Lupita Maldonado and Emily Glendenning cover her.

A huge turnout greeted the arrival of the cross country season. Countless freshmen joined the ranks of an already impressive roster. This group included C.I.F. veterans James Pierce and Kevin Cosgriff from the boys. Edna Malaga, Margarita Mc Govern, Ana Escobedo, and Annette Valle from the girls. These individuals talents and efforts helped them make C.I.F. this year. Next year they are certain to go further. ''Compared to last year, we're 100% better,'' said Kevin Cosgriff. ''But next year we're going all the way to the state meet.''

GOING FOR AN ACE

This year the girls' tennis team underwent a rebuilding year. Their lineup was dominated by inexperienced underclassmen who were taught the essential fundamentals by Coach Jeremiah. Their record did not demonstrate the hard work and the spirit that the girls possessed. What was important though, was that they enjoyed themselves while learning. "Playing tennis was a lot of fun," said Cecilia Romero. Her sentiments were echoed among all the other players.

Boys Varsity Basketball

ABOVE THE RIM

Excitement preluded the Marian Varsity Boys Basketball season with the arrival of a new coaches, Richard Hicks and John Otis. The Crusaders were ready to rumble. They began their training with the energetic enthusiasm apparent throughout the entire season. The team never gave up against insurmountable odds. They went out every night and put in 100 percent effort to each and every play. The team was lead by Senior, Felix Martinez, who drove the ball up the court and inspired his teammates to play to their utmost potential. Other key players included Seniors, JaBari Brown, Jevon Hatcher, Juniors, three point specialist-John George, Kevin Cosgriff-Hernandez, and Billy Amavisca. Kevin Cosgriff stated, "We faced a lot of hard games, but we learned to stick together and do our best." This team showed they could keep up a good attitude even through their difficult games. This showed what a hard working team was all about.

Boys JV/Frosh

SWISH!!!

Scoring, shooting, and winning were some of the things Marian's Junior Varsity Boys Basketball team accomplished this year. The young Crusaders knew how to drive up the court, push the ball, and go for a victory as done in the past. The JV coach, Greg McBride pushed them to many victories which led them to winning over their opponents. The Crusader team worked hard together to win their games as they did against Clairemont. "We won games by playing as a team and being unselfish," said Junior Danny Ignacio. The teammates' attitudes were very positive and strong and that is exactly what they needed to have a successful season.

JUMP BALL!

This year the Freshmen Boys Basketball team was out to dominate once again. This young group had much to learn, but proved to be better than average. Players such as Amad Stevens, Norman Moore, and Jesse Combs led this team to their victories. Pressure had been put on this team but they managed to overcome it. "Whenever we go out on to the court for a game, all we can think about is doing our best," said David McGlinchy. On offense, the Freshmen team was virtually unstoppable. The defense was the powerhouse that won games.

FULL FORCE

Under the direction of first year coach, Tamara Austin, the 1993-94 Girls Varsity Basketball team was on it's way to a successful season. Returning 3-time varsity letter, Indira Guevara and 2-time varsity lettermen Yessenia Martinez and Sha-Ron Jones brought speed and enthusiasm on and off the courts. New uniforms and a newly surface gym floor brought positive spirits to the Lady Crusaders. There was only one thing on their minds: a new banner to hang on the gym wall. Senior Lucero Mejia; Juniors Yazmin Descalzi, Rachel Goding, Elizabeth Gomez, Vanessa Manuel, and Sophomores Marissa Manere, Clarissa Bash, Elaine Dollente, Leslie Root, and Monica Hatcher worked hard offensively and defensively to prove themselves as winners. The Lady Crusaders faces many tough games. Even though they did not always come out victorious, in a special sense they were always winners. Yessenia Martinez comments, "A new team attitude would lead us to more victories." The important thing was that they played hard which led them to have a challenging but fun season.

SHOOT-4-TWO

Pulling on their blue and gold jerseys, the Girls JV Basketball team took their first step towards success. Under the head coaching of Richard Cosgriff, the Lady Crusaders took different steps that led them to victory. The team whipped itself into a powerful and confident group of young girls seeking a successful season. Coach Cosgriff commented, "We've improved our offense by seven points and our defense by ten points. That's a seventeen point positive turn-around. We may have lost some games, but we learn from our mistakes."

The Girls JV Basketball season was a learning experience and a rebuilding time. This brilliant team of players were always full of confidence and motivation that contributed to several victories such as Crawford and Clairemont. Freshman Nina Del Rosario stated, "As a team we did our best in every game and gave 115% of our potentials." These girls not only exhibited excellent endurance, but also great teamwork.

DUNKINGIT!

The Freshman Girls Basketball team raged with enthusiasm on the court to earn exactly what they wanted, a lot of wins. With great team effort by Maya Salazar, Claudia Tapia, Kristel Rios, Nena Del Rosario, and Kenna Chavez, the freshman team had a well paid off season. The team was coached by Mr. Cosgriff and James Mata this year. They directed the girls to have fun and a winning season. Maya Salazar stated, "We worked hard at winning our games." A lot of pressure was put on these young girls but they showed that they had enough confidence to handle it.

AGAINST ALL ODDS

The Boys Varsity Soccer Team consisted of a majority of returning season players and a small number of newcomers. Even though the soccer season was a difficult one, the players did not let that get in the way of their personal goals and expectations. The boys varsity team had their losses, but they continued showed great dedication in coming to practice every day after school. No matter how pressured they were to score a goal, they never lost hope. With the leading scorer, Jorge Cornejo and their solid defense, the team worked to their fullest potential. Determination burned as they pysched themselves up by saying "Marian" on three. In victory or defeat, they hung together as the fire lingered within their dedicated hearts.

Girls Soccer

FULFILLING our GOAL

The Girls Varsity Soccer team came together and gave it their best. Head Coach, Mr. Comick, made sure his defense kept the ball away from goalkeeper, Patty Tovar's hands. Assistant-Coach, Miss Thompson, on the other hand, worked very hard with the midfielders and forwards to keep the ball in the opposing goal keeper's face. Even though the team was fairly new, newcomer coaches Thompson and Comick were optimistic. Comick shared his thoughts about the team by saying, "I love the girls, they really worked hard. I think if we would have had the chance to work more in the past years, we would win it all. They were used to doing whatever they wanted, and now they want to win; they are learning what it means to win." Thompson said, "We have a strongly devoted team, whose effort and enthusiasm developed the group into a winning team. I also enjoyed working with the girls outside the classroom; it was a growing experience for us all." To the surprise of many, there was a great interest in joining the soccer team this year. In the words of Captain Grace Bibbo, "For all the seniors on the team, this year meant the end of a new era, for the underclassmen it meant the beginning."

Laura Hays is determined to get possession of the ball.

Smash Hit!!

The Varsity Baseball team came out very strong. It was a relatively young team consisting of only 3 returning seniors. Justin Villafranca, Brian Guillermo, and Sergio Melendrez provided the team with the leadership needed to win games. The strength of the team came from its defense. Sergio Melendrez, Marcos Zurita, and Kevin Cosgriff provided most of the pitching for the Crusaders.

In the outfield was Freshman, Juan Denny in center, Junior, Octavio McFarland in left and Javier Melendrez in right. Justin Villafanca controlled the infield from shortstop. At the plate, the power came from every player on the line-up. "We are a good strong team this year and the best thing is that we all work together," said Justin Villafranca.

Varsity Softball

Line Drive!!

The Girls Varsity Softball team had many positive changes this 1994 season: a new head coach, new uniforms, and an improved playing field. Coach David Napoleon helped their self-esteem and gave them a winning attitude. This attitude reflected on the entire team, as they finished with a great winning season. Four year Varsity starter Yessenia Martinez said, "Our new attitude was definitely what led us to so many victories. It helped us to get along better as a team, and learn to have respect for one another." The desire to win was felt by the entire team and this team unity resulted in a great winning season. Seniors Yessenia Martinez, Lucero Mejia, Indira Guevara, Sha-Ron Jones, Patricia Tovar, April Atalig, Tara Dugan, Grace Bibbo, and Laura Hays contributed their experience and wisdom. Juniors Yazmin Descalzi, Rachel Goding, Jeniffer Franzen, Lupita Maldonado, Angela Olson, and Sophomore Clarissa Bash contributed the desire to win. These contributions came together and the results were positive. Their surprising win against long - time rival La Jolla Country, Day, 16 to 4, spoke for itself.

Batter up!!

The Marian Crusader Junior Varsity Baseball team came out hitting with one of their strongest teams ever. The team was small, consisting of only 12 players, but they get the job done. Freshman Amad Stevens and David McGlinchy were only two of the strong players who carried the team. Returning members, Oscar Alvarez and Marco Barba brought leadership to the team. Coach Steve Walker was on his first year with the Junior Varsity Baseball team and was very pleased with his athletes. ''This year our team was very strong and we anticipated a very successful season,'' said Amad Stevens. The young JV team worked to have a very productive season.

Serve it Up

The 1994 Varsity Volleyball team had a vigorous and challenging season with only one returning player, Raul Rojas. The team was made up of freshmen, juniors, and seniors. The two new coaches, Coach Hecht and Coach Allard, helped the team develop and refine their skills. There were many incredible digs by Christian Valle and John Poukkula. Kai Muller, Raul Rojas, and Sherman Simbulan contributed with their great sets. James Pires, Jason Reyes, Sherman Simbulan, Jose Maldonado, and Kai Muller had kills that echoed in the gym. Tino Mendoza and Danny Leon helped the team with their many blocks. There were many hard-fought games, especially against Clairemont and Saint Augustine. Dedication, motivation, and concentration were the qualities that set this team apart.

The 1994 Boys Tennis team had its biggest turn out of players in more than five years. Eight returning players and eleven new players make up the 19 member squad. Though the team has struggled in the past, the'94 season promises to be a successful one. Leading the team are singles players, Jorge Cornejo and Yugi Hosoe and doubles players Jevon Hatcher, Beto Alcaraz, Mark Bandala, and Jeff Jimenez. The team will face many tough opponents in the Harbor League including St. Augaustine, Bishops, and Coronado. Coach Andrea Jeramiah Commented, "This is a team with a lot of talent and potential, look for us to be contenders in the Harbor League."

For the first time in three years, Marian organized a Varsity Golf team, under the tutelage of Coach Milke. The team was composed of 10 players. Among them were seniors Carlos Ituarte, Martin Munoz, and Leonzo Gamez; junior Arlette Vargas; sophomores Dusan Martin, Jon Canada, Andy Gilbert; and freshmen Sam Kelly, Jim Gorsich, and Phil Cota. The team practiced at the Bonita Driving Range, Chula Vista Golf Course, and The Bonita Golf Course to compete against such schools as Hilltop and St. Augustine. Composed of 70% undergraduates, this promised to be a team of the future.

Coach Comick, the new head coach, was ''very surprised at the turnout'' of the '94 track team. The team consisted of 37 members out to win. 'Everybody worked hard as I expected, for a real exciting year'', Coach Comick stated after already accepting two invitations to track meets. With the assistance of Coaches Knight and Ziggy, Comick had the Crusaders on their toes to prepare them for the different courses: Hurdles, Long Jump, 440 Relay, Shotput, Relay Races, and the 100 Yard Dash.

Vanessa Manuel made Marian Catholic High School proud when she brought home an award for her ranking in San Diego County. Other Marian Catholic swimmers joined with Vanessa to form Marian's first swim team for the 93-94 season. They were led by Manuel, Kevin Cosgriff, and Coach Richard Cosgriff. These aspiring athletes were determined to bring a new sense of pride to Marian athletics. The Marian swim team's vigorous workout included a practice which ran from 5:30 in the morning to 6:45 at Mar Vista High School. They practiced a run-through of each type of swim stroke. At the meets, each person's own determination to win would have shown in the position they placed among his or her competitors. After the run was over, no matter what they placed in the standings, each and every swim team member would reach the end with an intense feeling of Marian prestige and pride for their school. With such a wide number of factors going for Marian Catholic's first swim team, the door was wide open for an even bigger and better team in the years to come. According to the Marian philosophy, "Marian Catholic High School is culturally diverse . . . each student is unique, each has a special talent . . . and each is shaped by differences in interests, abilities and ethnic heritage . . ." As members of organizations at Marian, students were able to focus on teamwork and leadership through participation. In organized activities, every individual was important to the whole, and pride in accomplishment was a shared experience.

Associated Student Body

Striving to increase the Marian Catholic High School spirit and creating lasting memories, this year's 1993-94 Associated Student Body carefully organized their every activity in time and with a little twist. The ASB was lead by President James McElwaine, Vice President JaBari Brown, Treasurer Kevin Cosgriff, and Secretary Kristina Quillope.

ASB moderator, Ms. Kerry Wasson, guided this team of busy bodies. "They're a bunch of enthusiastic, driven, energetic people." The goal this year was to help everyone at Marian to be aware of its many activities. This incredible group of students are the ones who made many of the campus activities possible.

With the help of the other Commissioners, the 1993-94 Associated Student Body was a great success. Their dedication, by all standards, was admirable.

Ambassadors

The Ambassadors gave Marian an image that students looked forward to following. They set aside the time to tour grade school students, teachers, and parents on our campus and enable them to learn a little about Marian's principles. With the combined help of the student body and the Ambassadors, recruiting was a great success. Mr. Napoleon said, "Recruiting the Saint Charles students was a memorable experience." He was enthused about meeting potential Crusaders. Daniela MacFarland, chairman of the group, stated, "Keeping up with the duties were challenging, however the results were worth the dedication and effort."

California Scholarship Federation

It was no "Easy road to the top" for the members of the California Scholarship Federation, The road to the top was not a smooth ride. Some students have been working since the fall of 1992, while others have just begun. Those who earned membership for at least four out of six semesters were granted life membership and were pronounced C.S.F. Sealbearers.

Being the top students meant recognizing the importance of education, performing well in class, and being aware of one's self-development. This organization brought together youth and academic excellence. Marian is proud to have these students. As Jason Reyes stated, "These students are highly energetic intellectuals."

Even though the Asian-Pacific Islander Club was off to a slow start, once they got reassembled, they picked up where they left off last year. Under the head of a new moderator, James Duffy, the club was a great success. President Audrey Nery, Vice President Tina Quillope, Treasurer Florence Ecscudero, and Secretary Theresa Villarosa helped organize meetings and various food sales that helped promote the Asian-Pacific culture. This young group also had the chance to attend several Asian-Pacific seminars that made more familiar with their ancestors.

The Asian-Pacific Islander Club was most famous for their "Lumpia sales" during lunch. Their main purpose was to educate the student body on the different Asian-Pacific cultures and traditions. Their unique style of cooking and expressive personalities made this club very well known throughout the school.

Involvement in clubs has reached an all time high this year at Marian. Students seemed to be very excited about participating in clubs. One club in particular that was on its way up was the Black Student Union.

In only its second year of existence at Marian, the club has more than doubled its number of members. Their presence on campus has been much more noticeable than last year. Under the Moderator, Chris Comick, the club planned many activities. Sheryl Braswell, President of B.S.U. said, "We had many activities planned for this year such as a few fund raisers and a gumbo sale."

Mecha

Mecha is an organization dedicated to educate the students about the Hispanic culture. The club was opened students to the Hispanic culture and to the significance of their celebrations and delicious foods. The club members launched many new ideas and raised a significant amount of money during the school year. Monca Martinez, President, said, ''We did not only raise money for our club, but we took the time to educate ourselves of our ancestors and descendants.'' One of Mecha's most unique ideas was to build a little monument on the campus in remembrance of the Class of 1994. ''I see the future monument as a positive and reinforcing project for the school. This year I saw how much progress they've made with just a little dedication,'' said moderator, Phil Lusardi.

Mecha gave students a chance to unit other students and share different cultures. The bright and positive ideas, along with the reliable participation set Mecha in the right direction for the coming year ahead.

Cultural Crossover

What six? Germany, Russia, Latvia, Spain, and Hong Kong? Talk about culture crossover: This year Marian plugged into the Global Community.

It all began when Mrs. Tellers spoke with Mr. Vic Thury, President of the ECI (Educational Consultants International), about embarking on a cultural exchange program that would link Marian Catholic High School with the rest of the world. The possibility rapidly became reality, a reality that was in full-swing when we began the 1993-1994 school year. Jean Panno, the Assistant Principles (Student and Faculty Services) coordinated the program. One of the program's main goals was to have the exchange students improve their English Language Skills. "We're trying to provide them an experience of the American school system, culture and family," stated Jean Panno.

Five students from across the globe were here at Marian the first semester: Serguei Schetinkin (Russia), Kai Mueller (Germany), Caroline Milletat (Germany), Robert Selga (Latvia), Alvaro Carrasco (Spain) and Ken She (Hong Kong).

Yearbook

This year's theme, "Going Our Way" perfectly described the atmosphere here at Marian. With many new events such as a JV Football Harbor League Title and a newly painted campus, the theme was very easy to relate to. Everything was Going Our Way: A very positive way.

The 1993-94 Gauntlet staff was headed by a new adviser, Carolyn Jensen. She brought many new and bright ideas that helped make the yearbook very successful. Business managers, Johanna Fregoso and Carlos Ituarte made fundraising more exciting and enjoyable. They organized several bake sales and field trips that readies much-needed funds. Chief Editors, Audrey Nery and Yessenia Martinez made sure that layouts were drawn correctly and deadlines were met.

The staff members were very dedicated to the work that needed to be done. Whether is meant working eight hours on Halloween, stopping in at lunch, or coming in after school, someone was always willing to cooperate and help out. Teamwork, self confidence and motivation, and patience were the key words to the yearbook's success. Audrey Nery commented, "I never realized how much work the editor had to do until I took the position, but overall it was worth the extra effort." Yessenia Martinez says, "It was a lot of hard work, especially when a deadline was coming up. We worked many Saturday nights. In the end it was worth it." Through it all, the yearbook staff always kept their spirits up.

STRIVE

"I smell cheesecake," said Grace Bibbo, "Mrs. Gabbard's home-style cheesecakes." What is STRIVE really? STRIVE is more than just bakesales, birthday cards and parties. It is an organization that promotes self-awareness and self-development. Striving to Realize the Individuality and Value in Everyone. This is what STRIVE actually stands for. Mrs. Mary Gabbard, STRIVE moderator, has dedicated her never-ending guidance and patience to keep this club alive.

Over the past years, STRIVE has brought many activities that involved most of the student body. This is why STRIVE is most likely the hardest and biggest working club on the Marian Campus. Every year the students were warned of the dangers of drugs and alcohol with signs and rallies. This year was different. Over twenty students participated in the day that STRIVE called "The Grim Reaper Day," which was part of Red Ribbon Week. A student was taken out every five minutes- the average death rate caused by drugs and alcohol, and silenced for the rest of the day by painting their faces with the looks of death. The activity ended well with the final show in the Senior Lawn where each participant lay dead.

Campus Ministry

The Campus Ministry Program at Marian Catholic High School was designed to provide young students leadership programs and religious development. It is a ministry too, for, and by young people, as well as a ministry to the membership of the entire school community. The 1993-94 Marian Catholic Campus Ministry team included a new faculty, counselors, and clergy. This year's program was headed by Elizabeth Gorsich, along with Greg Hecht, Anamaria Lehnert, and James Duffy.

The Program included class retreats and school wide Masses. Through these retreats, students were able to share their leadership skills with fellow students. Here they were able to earn an ample amount of service hours.

One of Campus Ministry's exciting features was the Project C.O.P.E. The ''Challenging Outdoor Personal Experience'' project provided an opportunity for every participant to achieve success both as an individual and as a member of a group. Another important feature included a Student Counsel Service and a Marian Catholic High School Crisis Line. Students were able to talk to counselors one on one privately.

Self-esteem was the main topic to every Marian studen The Counselors were very de termined to make this year's Campus Ministry a true success. Their enthusiasm and dedication was what made it possible.

Most of the Team's performances were done during basketball games and ASB rallies- hoping to raise the student spirit. Ms. Gina Vivio moderated the team this year along with dance captains Sheryl Braswell and Michelle Fuentes. "It was a good experience performing in front of many people," commented Sheryl.

Future Business Leaders of America

Considering this was it's first year in progress, the Future Business Leaders of America, known as FBLA was off to a fantastic start. They set goals for themselves such as finding a school sponsor and raising extra money that could be used toward academics and sports. Under the supervision of moderator Greg Hecht, FBLA was a great success. The club was headed by President Audrey Nery, Vice President Terrence Wells, Treasurer Rose Rabanal, and Secretary Clarissa. The FBLA was full of enthusiasm and great ideas that helped bring back Marian's spirit and pride.The officers and fellow FBLA members made Marian more appreciated and well represented. This is a club with a lot of potential and one to look for in the years to come.

Young Republicans

Never before had political groups been allowed to operate on campus, but tradition was broken, and the Teenage Republicans are here! Though the club started late in the year, they were still able to surpass everyone's expectations. Many more people joined than were expected. In fact, they succeeded so well in stirring up partisan involvement, that an opposition group, Teenage Democrats, was started as a result of the Republican's actions. But what, you may ask, is it that these Teenage Republicans do?

The entire thrust of the Teenage republicans is basically threefold. The first is to bring teenagers into the republican party to provide an opportunity for them to find political expression and recognition. The second is to foster and encourage activities of the Republican party and to promote its ideas. The third is to analyze and discuss information concerning political affairs and philosophy. The most integral part of the group is ensuring that all members, as the future voters, are informed of both sides of the modern-day political issues. Jim Hawken, President of the group, commented, "Though some misconceptions say otherwise, the Teenage republicans do not exist to create Republican "yes-men", but rather to create a new generation of responsible American voters."

People: Going to the Top

For the people of Marian Catholic High School, 1994 was definitely a year to remember, a time of many positive changes. The result of these changes was renewed pride, shown in the way students have supported each other by attending sports events, participating in clubs, and going to dances. All around campus, it was clear that people were making a difference—taking time to know one another, to work together, and to appreciate the diversity which is Marian's strength. With a spirit of unity and new directions, it's the people who have been taking Marian to the top.

At break, Mr. Hecht waves to his fans. Mr. Anthony, Ms. Vivio and Ralph Sanchez look on.

Senior Faces

Whether they were screaming in the hallways, or running to fifth period after that long off-campus lunch, Seniors were recognized all over school. Their faces were a part of our everyday life, and each one has left an impression in our hearts that will remain forever.

The Road Not Taken

Two roads diverged in a yellow wood,
And sorry I could not travel both
And be one traveler, long I stood
And looked down one as far as I could
To where it bent in the undergrowth;

Then took the other, as just as fair,
And having perhaps the better claim,
Because it was grassy and wanted wear;
Though as for that the passing there
Had worn them really about the same,

And both that morning equally lay
In leaves no step had trodden black.
Oh, I kept the first for another day!
Yet knowing how way leads on to way,
I doubted if I should ever come back.

I shall be telling this with a sigh
Somewhere ages and ages hence;
Two roads diverged in a wood, and I -
I took the one less traveled by,
And that has made all the difference.

Class of '95

The Juniors came a long way having taken a big step from being young adolescents to young adults. To get there though they had to go through the most notorious year in high school. The Juniors however were undaunted. This was the year that the Juniors experienced their first overnight retreat.

They came closer together as a class. The Juniors put in the hard work and effort needed to get through the year, knowing that their academic grades would be closely scrutinized by colleges and some universities. When the year was through, the Juniors were ready for summer relaxation. After that, it would be one final go'r-ound. As Daniel Barker said, "The Junior class is like one big group of friends. You can always see them talking to each other during breaks."

Class of '96

A year to learn more, grow closer, and create many more fun-filled memories. The Sophomore class in the year of 1994 were more ready than ever to show they aren't ''little Freshman'' anymore. This year's class had a deeper sense of equality and closeness. With such a small class they were able to accomplish their goals as the class of 1996. The best thing they liked about this year was that they had ''top lockers'' and were not at the bottom of everyone else. It felt good for them to be able to be ''above'' another class.

All in all the Sophomores wanted everyone to know they were not Freshman anymore. When asked what privileges the Sophomores gained this year, Ben Lumanlan stated, ''We don't have bottom lockers and we don't get pushed around by the upperclassman.'' With the new experiences of being Sophomores, these students could take on the responsibilities of becoming Juniors.

Class of '97

With 113 students, this is the largest Freshman class that Marian has had since 1985. Enthusiasm was seen in each of their faces as they started on their journey in their new life as high school students. After surveying the class of 1997, we found that many students expected their first year in high school to be challenging but they found it to be manageable. When asked what they liked about their Freshman year here at Marian, students responded, "Friends", "Communication between students", "Teachers", and "Rallies". Edna Magala remarked on the family environment at Marian, "All the people are so close. They work together to make Marian stand out. Teachers help you and understand! I like the feeling of being a part of the Marian community." Most Freshman can't wait for their Senior year and graduation but along the way they looked forward to receiving good grades and a valuable education in high school. Although nervous about making new friends, many Freshman involved themselves in sports and extra-curricular activities, and the retreat brought the entire class closer together. Seniors advised Freshman to take advantage of their years in high school, because soon the four years would be over and only memories would remain.

Frosh Thoughts

I thought I wouldn't be involved in much of the school activities at Marian but I've learned to have SPIRIT!

-Nina Del Rosario

One of the best qualities I like about Marian is how all the students know and communicate with each other.

-Jackline Camargo

Marian had their first win for the tennis team in so many years, Marian's football team had a better record, and it was my first time to go out with somebody that I really liked.

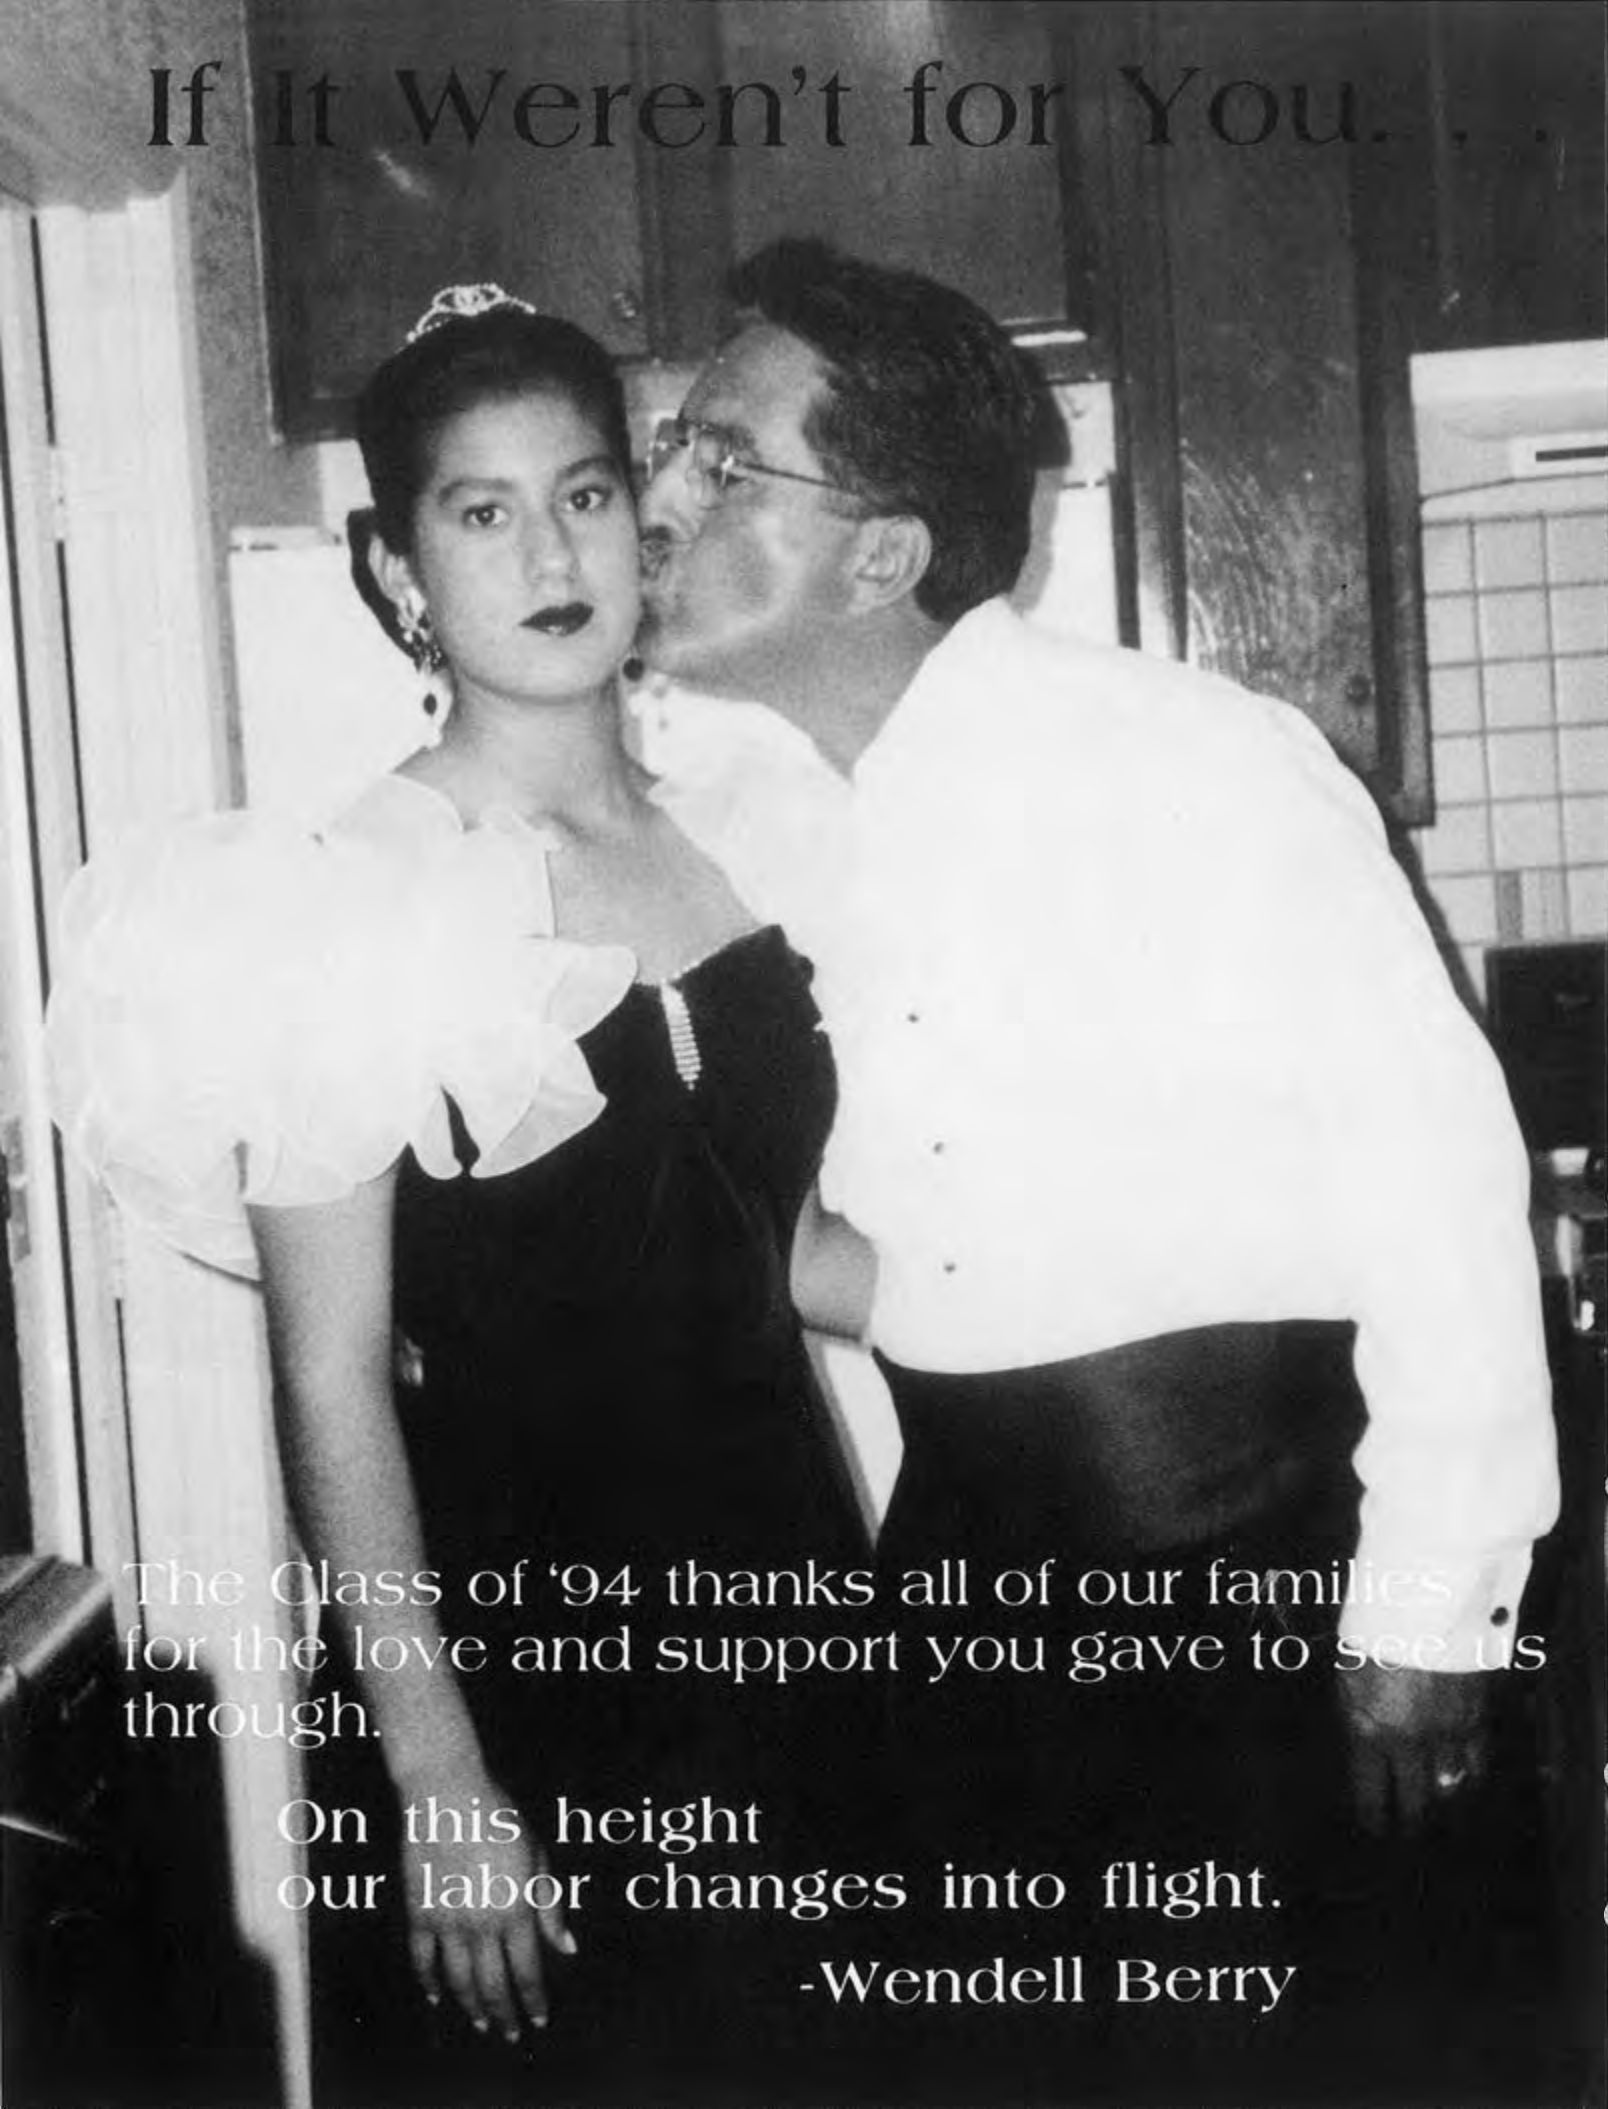
Going to find it: Ads

Money and memories- we make them and save them. Money and memories are what a yearbook is all about. Even as we scrambled to finish layouts, crop pictures, and write articles to preserve our year, we were beating a path to the doors of local merchants to sell ads, and creating goodies for bake sales. Put it all together and the end result was the package of memories which we deliver to you in this book. Enjoy, freely, this memory spree!

Spending money is easy, but easier with a special place to walk, to browse, to eat, to see a movie, to meet a friend. For many Marian students, the stylish Horton Plaza was just the place.



If It Weren't for You. . .

The Class of '94 thanks all of our families for the love and support you gave to see us through.

On this height
our labor changes into flight.

-Wendell Berry

Dear Stephanie,

If only you could know
how wonderful it is
to have a daughter like you.
It's always meant
so much to us
to see your smile,
to listen to your ideas,
to watch you grow and learn
and become your own person.
If only you could realize
how many special memories
you've made for us...
how many times we've
been so proud to say,
"Thats our daughter..."
You're such an important
part of our lives,
and we just want to tell you
once again how much
we will always love you.
